Question Id : 595371238 Question Type : COMPREHENSION Sub Question Shuffling Allowed : Yes Group Comprehension Questions : No

Question Numbers : (76 to 80)

Read the following passage and answer the questions given after it.

After decades of playing Captain Kirk, William Shatner will be travelling to outer space for the first time.

The Hollywood star, best known for playing Captain James T. Kirk in "Star Trek," will be on Blue Origin's next rocket launch on October 12, the space company confirmed on Monday.

It will be the company's second space-tourism launch since its founder Jeff Bezos traveled into space in July, 2021. The journey will take about 11 minutes and will carry the New Shepard's four passengers past the Kármán Line, an internationally-recognized boundary that defines outer space.

90-year-old Shatner will become the oldest person to travel into space, after Blue Origin broke the record a few months earlier when 82-year-old Wally Funk joined Bezos, the billionaire's brother Mark Bezos, and 19-year-old Oliver Daemen in the New Shepard capsule.

Blue Origin said Shatner will be joined by Audrey Powers, the space venture's vice president of mission and flight operations. Last week, Blue Origin announced the first two of the members of the group of amateur astronauts, naming Chris Boshuizen, an Australian former NASA engineer, and Glen de Vries, the founder of clinical research platform Medidata Solutions.

Shatner first took on the role of Captain James T. Kirk in 1966 - for the Star trek TV series, the show that many NASA astronauts credited with igniting their love of space. He also played the role as the captain of the USS Enterprise in seven movies.

"I've heard about space for a long time now," Shatner said in the space company's press release.

"I'm taking the opportunity to see it for myself. What a miracle."

Sub questions

Question Number : 76 Question Id : 595371239 Question Type : MCQ Option Shuffling : Yes Is

Question Mandatory : No

After reading the passage, it can be inferred that it is _____.

Options :

- ✘ an article

Which of the following number will replace the question mark (?) and complete the following number series?

17, 34, 102, ?, 3570

Options :

1. ✘ 306

2. ✘ 450

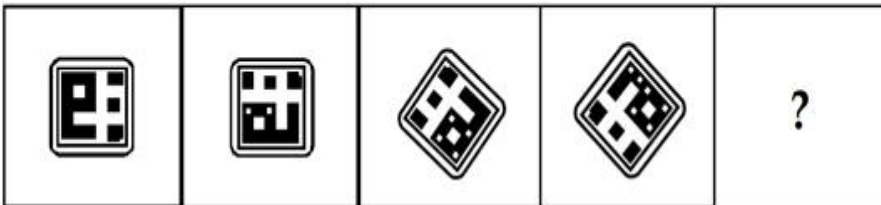

3. ✔ 510

4. ✘ 550

Question Number : 98 Question Id : 595371261 Question Type : MCQ Option Shuffling : Yes Is

Question Mandatory : No

Select a suitable figure from the answer figures which would replace the question mark (?).

Options :

1. ✘

2. ✘

3. ✔

4. ✘

Question Number : 99 Question Id : 595371262 Question Type : MCQ Option Shuffling : Yes Is Question Mandatory : No

Read the given statements and conclusions carefully. Decide which of the given conclusions logically follow(s) from the statements.

Statements:

- i) I have not yet tried every item on the menu at McDonald's.
- ii) I liked all the drinks served at McDonald's.
- iii) I did not like McDonald's McVeggie burger.

Conclusions:

- (i) I am looking forward to trying every item on the menu at McDonald's.
- (ii) I have tried some drinks and the McVeggie Burger at McDonald's.
- (iii) I like the ambience at McDonald's.

Options :

- 1. ✘ Only conclusion (i) follows
- 2. ✔ Only conclusions (i) and (ii) follow
- 3. ✘ Only conclusion (iii) follows
- 4. ✘ Only conclusions (i) and (iii) follow

Question Number : 100 Question Id : 595371263 Question Type : MCQ Option Shuffling : Yes Is Question Mandatory : No

Given below are three statements and three conclusions. Take the statements to be true even if they are at variance with commonly known facts and decide whether the conclusion/s follow from the given statements.

Statement:

I. All bicycles are motorbikes

II. All motorbikes are cars

III. All cars are trains

Conclusion:

I. Some trains are motorbikes

II. Some cars are bicycle

III. Some trains are bicycle

Options :

1. ✘ Only conclusions I and II follow
2. ✘ Only conclusions I and III follow
3. ✘ Only conclusions II and III follow
4. ✔ All conclusions I, II and III follow
